Choose the type of application you would like to use, download it and install.

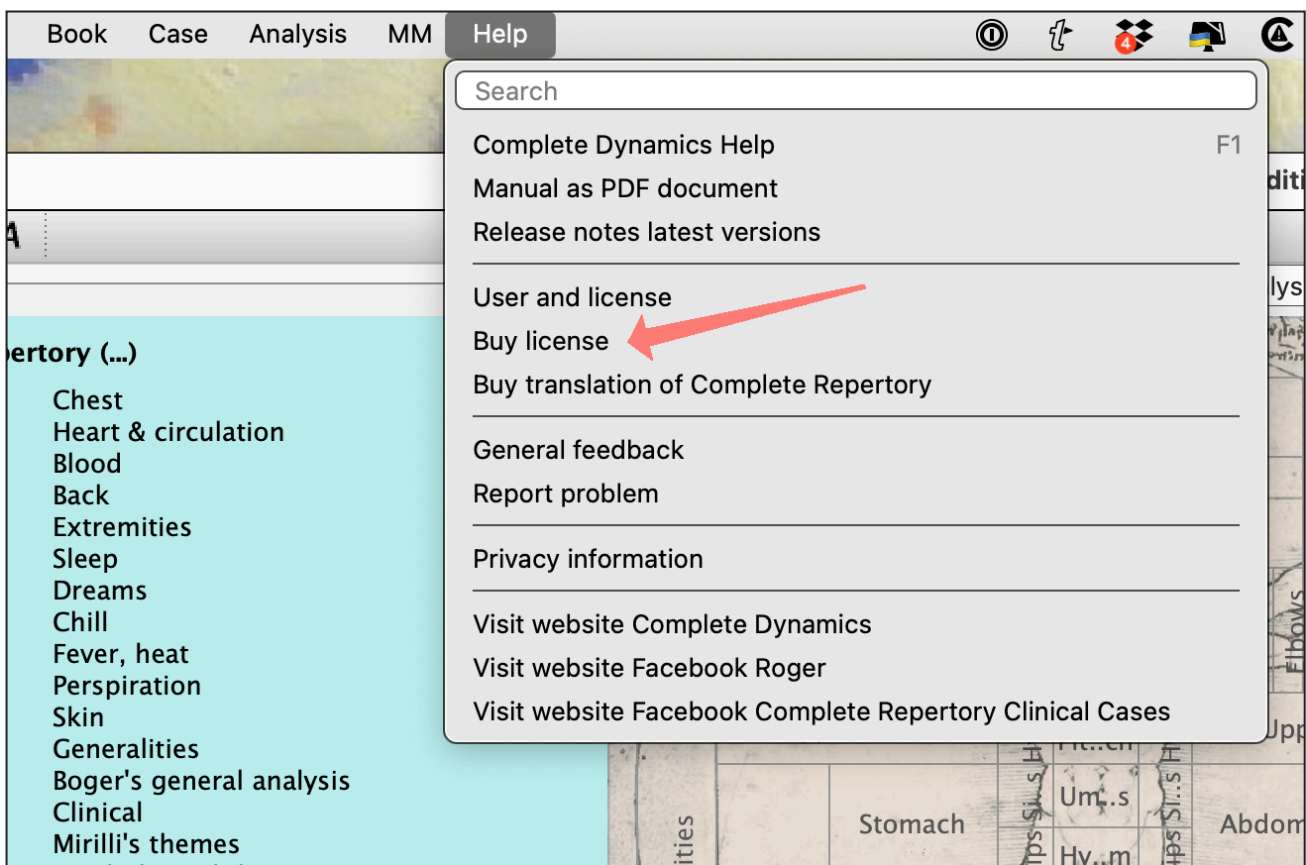

## Browser Mode

At this point you can open the *Complete Dynamics* application and use it to look at the repertory and materia medicas. It is called the "browser" edition and is free to use. You cannot analyze cases, however, without licensing it.

## Veterinary Student License Option

As a student in this course we have set up a special option for you. You can license and use the program to work your cases one month for free. After that time, the license will expire and you can make the decision, if you wish, to continue using it by purchasing a long term license.

To access the veterinary student license, open the *Complete Dynamics* program and use the Help menu to access "Buy license."

When you do that, you will be taken to a website and the top of the web page looks like this.

**Complete Dynamics webshop**

**Welcome to the Webshop of Complete Dynamics**

You are about to buy a license with the following registered user information:

Scroll down the page to this section. Select the program.

### Step 1 of 4: Select what you want to buy

- Complete Dynamics program license
- Translation of the Complete Repertory
- Repertory, created by others than Complete Dynamics
- Materia Medica, created by others than Complete Dynamics
- Other options

*Please select one option from the list below:*

### When the Free Veterinary License Expires

When your trial license expires and the program reverts to the browser mode (no longer can use for case work). If you wish to continue use of the program, because you have liked the use of it, then the next step is to purchase a longer term license.

Once again, from the *Complete Dynamics* application use the "Buy license" option from the Help menu to access the web site. Scroll down the page to this part.

### Purchase the Veterinary Subscription

You will see two choices —the Master edition and the Veterinary edition and also have the choice of subscription for one year or five years.

In US dollars a one year subscription of the Veterinary edition works out as \$13/month. The Master edition to about \$18/month.

Even better is the 5 year subscription which includes a 40% discount of the application software. That works to Veterinary edition somewhat less than \$9/month and the Master edition to about \$12/month.

To see the difference between the two editions. go to this page and click on "Discover."
